

March 8, 2007

I have known Janice Cohen since April 2004. Right from the start, Janice instilled a sense of calmness into our project. Her thorough knowledge of her company's abilities allowed her to listen carefully to our needs and then to offer suggestions and solutions that were appropriate.

Janice's best assets are her ability to clearly and concisely communicate her solutions to any challenge and to offer suggestions for a positive outcome. She is trustworthy, organized, and dependable. Her follow-up on all projects helps to keep everyone on task, on budget and on deadline.

It has been my pleasure to work with Janice and I will continue to work with her in her new capacity. I know that you will find her a valuable asset to your projects.

Best regards,

Connie Bearfield
Marketing Services Manager
